

# Market Movers: Decodes Today's Market Secrets

As the market winds down, the savvy trader's game heats up with the Scanz Market Movers report. This is a treasure map revealing patterns to sharp-eyed traders. As you immerse yourself in this daily ritual, you'll notice familiar symbols- those "hidden secret" trading opportunities that hide in the open for those who are not aware. The Scanz Market Movers report isn't just your guide; it's your gateway to trading with the foresight, finesse, and fearless conviction of a pro.

 Check your email inbox after the market close for Scanz Market Movers

Thirty minutes after the market ends, the Scanz market movers delivers a clear report on the biggest trade opportunities of that day, the stocks that moved the most and had the highest trade volume. Each of these stocks is more likely to be a big mover on the next trading day.

**Each day when you receive the Market Movers email report read it thoroughly to prepare for your next trading day:**

- 1** Examine Market Movers for tickers you don't yet recognize.
- 2** Open Scanz, click "Charts" to enter the symbol and study the chart for trade opportunities.
- 3** Create a watchlist of hot trade opportunities for fast action at tomorrow's opening bell.

 There are often companies that appear on the Market Movers for several days or even weeks in a row. This report is designed to put these companies to the top of your trade list so you can take advantage of these recurring opportunities while they last.
